

WHAT IS CLAIMED IS:

1. A pinwheel comprising:
a first axis, which supports a hub;
5 a plurality of protrusions connected to the hub and
radially extending therefrom; and
candy items attached to a plurality of the protrusions.
2. The pinwheel as recited in claim 1, wherein the hub is
10 formed into a figure or promotional item.
3. The pinwheel as recited in claim 1, wherein the hub
includes a detachable figure or promotional item.
- 15 4. The pinwheel as recited in claim 1, wherein the first
axis is provided by an axel connected to a platform to
permit rotation about the first axis.
5. The pinwheel as recited in claim 1, further comprising
20 a light connected to the platform for illuminating the hub
and the candy items.
6. The pinwheel as recited in claim 1, wherein the
protrusions form blades, which spin the hub when the blades
25 are placed in an air stream.

7. The pinwheel as recited in claim 1, further comprising
a ratchet mechanism, which holds the hub in a position.
8. The pinwheel as recited in claim 1, further comprising
5 a motor for spinning the hub.
9. The pinwheel as recited in claim 1, further comprising
a finger driven mechanism for spinning the hub.
- 10 10. The pinwheel as recited in claim 1, further comprising
an illumination feature on one of the hub and the
protrusions to provide a light effect.
11. The pinwheel as recited in claim 1, wherein the
15 illumination feature includes one of a light and a
reflector.
12. The pinwheel as recited in claim 1, further comprising
a sound device, which plays sounds in accordance with motion
20 of the hub.
13. The pinwheel as recited in claim 1, wherein the candy
item includes a lollipop.
- 25 14. The pinwheel as recited in claim 1, wherein the
protrusions include candy items having different flavors or

colors.

15. The pinwheel as recited in claim 1, wherein the protrusions include adjustable fan blades to permit a change
5 in an angle relative to a central axis of a respective blade.

16. A pinwheel lollipop, comprising:
a hub having a plurality of spokes extending radially
10 therefrom, each spoke comprising a candy item molded thereon;

the spokes forming blades for diverting air in an airstreams such that when placed in an airstreams the hub, spokes and candy items rotate about an axis.
15

17. The pinwheel lollipop as recited in claim 16, wherein the hub is formed into a figure or promotional item.

18. The pinwheel lollipop as recited in claim 16, wherein
20 the hub includes a detachable figure or promotional item.

19. The pinwheel lollipop as recited in claim 16, wherein the spokes include adjustable fan blades to permit a change in an angle relative to a central axis of a respective
25 blade.

20. The pinwheel lollipop as recited in claim 16, further comprising a light for illuminating the hub and the candy items.

5 21. The pinwheel lollipop as recited in claim 16, further comprising a ratchet mechanism, which holds the hub in a position.

22. The pinwheel lollipop as recited in claim 16, further
10 comprising a motor for spinning the hub.

23. The pinwheel lollipop as recited in claim 16, further comprising a finger driven mechanism for spinning the hub.

15 24. The pinwheel lollipop as recited in claim 16, further comprising an illumination feature on one of the hub and the protrusions to provide a light effect.

25. The pinwheel lollipop as recited in claim 16, wherein
20 the illumination feature includes one of a light and a reflector.

26. The pinwheel as recited in claim 16, further comprising a sound device, which plays sounds in accordance with motion
25 of the hub.

27. The pinwheel as recited in claim 16, wherein the candy items have different flavors or colors on each spoke.
